DID YOU KNOW USCSA IS PRIMARILY RUN BY VOLUNTEERS?

USCSA relies on volunteers to run the organization at the conference, regional and national level. Many local volunteers, committee members and board directors have been volunteering with the organization for many years. However, we always need more help, especially as long-term volunteers sometimes face scheduling conflicts. The majority of volunteers are USCSA alumni, current student-athletes, local mountain community members, and athletes' parents.

AREAS OF NEED

The majority of USCSA volunteer needs come from conference events spanning from the East to the West Coast. Each event relies on a number of volunteers to help with setup, timing and course facilitation. We are grateful to have many volunteers help for the entire season, but helping for just one USCSA event each winter also makes an impact!
